

DISPLAY EASEL

HINGED DISPLAY FRAME

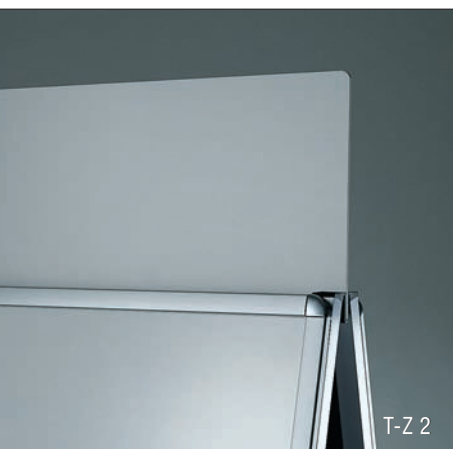

Sales aids that shout for attention! The first is an easel for the display of A1-sized posters. Manufactured from high quality silver anodized aluminium profiles, it is suitable for indoor and outdoor use. The poster frames have a clear, plastic, non-glare sheet, whilst the top panel allows for additional graphic display. The unit comes with an optional literature basket. The second is a wall-mounted hinged display frame available in five sizes (from A4 to A0). Attractively designed and manufactured from high quality anodized aluminium profiles, the hinged frame enables graphic material to be quickly and easily changed.
